WBS Finance Fest, Session 5 - Amplify Trading Simulation
Saturday 18 July 2020, 10:00 - 12:00

Join us for the final session of a finance-focused festival, bringing together experts and specialists to discuss careers in this sector.

Find your future in finance as you engage with an interactive simulation to experience different roles on an investment bank global markets desk. Understand the core roles and objectives in the industry as you compete for client flow whilst also managing risk.

Core Theory – Preparatory Learning

- Understand why investment firms need investment banks
- Liquidity and order management
- Role performance and objectives

Simulation

- Session 1: Investment Banks Sales and Trading
- Session 2: Hedge Fund trader

Review

- Technical performance overview
- How to improve from feedback

Candidates need a laptop with an internet connection and will login live through a link provided. Google Chrome is recommended. More details to follow.
